AIR-WEIGH

AIR AND MECHANICAL SUSPENSION SCALES

BRING THE SCALE TO THE TRUCK.

Air-Weigh On-Board Scales increase efficiency and reduce costs. No more wasted time to find an in-ground scale, no more lost income for under-loading or fines for overloading.

- Accurately measure axle group weights: steer, drive, trailer, GVW & NET payload
- Easy to install & calibrate
- Integrate with 3rd party telematics software
- PIN protection
- Dual point calibration
- Compensation for temperature & altitude
- Industry leading accuracy
- Available for both air & mechanical suspensions
- Made in the USA with a 3-year limited warranty

SOLUTIONS FOR TRUCKS & TRACTORS

LoadMaxx

- Advanced communication capabilities between tractor & trailer, the Air-Weigh app, & 3rd party telematics

QuickLoad

- Great for owner-operators who just need weights quickly in the field

QuickWeigh

- Most economical overload protection for any air-ride axle group
- Digital PSI gauge & on-board scale

A SCALE IN THE PALM OF YOUR HANDS - AIR-WEIGH APPS

LoadMaxx App

- Available for LoadMaxx, LoadMaxx Plus and QuickLoad Plus Scales
- Stores up to 100 weighting events
- Logs date, time, location and weights
- Email data to any email address

QuickWeigh App

- Available for QuickWeigh scale
- View weights, calibrate and set up your scale from any smart device

SOLUTIONS FOR TRAILERS

LoadMaxx PLUS

- Transmit/view weights from trailer to a LoadMaxx tractor scale or through the Air-Weigh app
- Great for drop & hook applications or standalone trailer applications

QuickLoad PLUS

- Great for standalone & trailer only weight needs

QuickWeigh

- Most economical overload protection for any air-ride axle group
- Digital PSI gauge & on-board scale
